

Mimi the Angel™

PRESENTS

Meet Your Angel Friends

This fun, creative, visual and interactive workshop will teach your children how to safely connect with their Guardian Angels in a friendly and non-denominational way. Children will learn what angels are, what they do, how to recognize angel signs and be lead through a guided visualization to introduce them to their own angel friends. Children will also learn about their mission and how to empower themselves into positive action.

Parents are invited to participate and learn with their children.

Cost: \$40

* Includes 1 parent and 1 child (each additional child \$10)
