

FOR IMMEDIATE RELEASE

June 26, 2009

Passwords: Passing on Words of Wisdom and Hope, Volume 1

It is with great anticipation and excitement that Mimi Publishing Inc. launches its newest project, *Passwords: Passing on Words of Wisdom and Hope, Volume 1*. This concept was inspired by Dr. Bernie Siegel, who writes numerous best selling inspirational books, namely *365 Prescriptions for the Soul*. It was Prescription #9: Passwords that caught our attention. As spiritual coaches and writers, we know that everyone we meet has a compelling story to share and words of wisdom to pass along. Inspired by Dr. Siegel's prescription, we invited people to write their story and share their words of wisdom and hope with you.

Life at the best of times can be challenging and without support the road can feel very lonely and discouraging. We have assembled 21 amazing individuals with stories to engage your problem-solving mind, comfort your darkest emotions and connect to your divine Spirit. These are every day people living extra-ordinary lives. They have not only survived through their challenges but thrived through some kind of unique adversity. Out of the ashes, they have come out stronger, wiser and happier. We know you will too.

Our authors have traveled different roads of experience and follow different philosophies of living. As such, they offer you a diverse body of wisdom as they courageously share their stories with you. Despite our differences, we belong to the same human family. Our story is y(our) story.

Passwords: Passing on Words of Wisdom and Hope, Volume 1 is available for purchase at www.passwordsthebook.com at \$16.95 CDN or \$15.45 US. ISBN: 978-0-9738973-3-3
